

# Relocalization

Come help build our post-carbon future at the  
**Pioneer Valley  
Relocalization Workshop**  
**Sunday, September 30, 2007**

**10 am – 6 pm, Northampton Center for the Arts**

17 New South Street, Northampton, MA 01060, [www.nohoarts.org](http://www.nohoarts.org)

a day of sharing, vision, & empowerment for a  
healthy, just, sustainable and democratic future.

Come hear from inspired local grassroots organizations blazing the trail  
for revitalized, sustainable communities in the Pioneer Valley.  
With speakers, workshops, tabling, local food, arts & more.

**Keynote speaker Frances Moore Lappé is launching her new book,**  
*"Getting a Grip: Clarity, Creativity, & Courage in a World Gone Mad."*

**Register now** (free) to reserve your seat! Email your name/address/email/organization (if any) to [eli@masschc.org](mailto:eli@masschc.org), or call (413) 256-1157.

If your organization would like to **table or give a workshop**, call/email (413) 256-1157, [eli@masschc.org](mailto:eli@masschc.org)

For more information, visit:  
<http://www.masschc.org/Relocalization.html>

**Relocalization** is a proactive and cooperative response to the global crises of peak oil, climate change, and the economic deterioration & social fragmentation caused by globalization. The goal of Relocalization is to revive civic participation in community life, gain democratic control over our future, revitalize our local economies and build healthier, happier, more cohesive and just communities throughout the Commonwealth & beyond.

Sponsored by the Massachusetts Coalition for Healthy Communities
